**MARKED UP VERSION SHOWING CHANGES**

IN THE CLAIMS:

10. (Amended) A method of data preservation comprising:
  - a) providing a small data safe;
  - b) downloading data from a portable data-holding device to the data safe as a default condition when the portable device and the data safe are coupled, or at least as a condition involving no more user input than does [not] downloading; and
  - (c) recharging a battery of the portable data-holding device when said device and the data safe are coupled.
